Subject: Re: Advocacy action plan options from BVES

Hello-

Flmsa has decided not to contribute to voter voice at this time and to take advantage of use of the link set up by the BTA. Thank you all for your efforts!!

Best,
Jennifer and Yalda

Hi parent presidents,
FLHSA would like to contribute to voter voice. Since this is a one-year subscription, we'd like to make sure this software is used early in the next budget cycle as well.
Please let us know if we can help with the process.
Thanks
Kristina & Chris

On Feb 28, 2017, at 10:55 AM, kristket@aol.com wrote:

Dear Fellow Parent Association Presidents:

I am following up on Dr. Manno's email yesterday listing additional contacts in state government.

For those of you who were unable to attend the Budget Town Hall meeting on Thursday, February 16th, it seemed clear that Assemblyman Buchwald, Senator Latimer and Senator Murphy understand fully the BCSD budget situation and have pledged to go to bat for BCSD during this upcoming budget cycle to increase state aid. Tremendous thank you to Dr. Manno for his time and expertise explaining the issues to each in individual meetings.

When asked what we can do to help them with this effort, the representatives suggested that the squeaky wheel gets noticed and to continue to contact others in state government.

The budget has been proposed so NOW is the time to speak up for BCSD kids.

To that end, I wanted to let you know what BVES is doing to aid in this effort:

1. Letter Writing - BVES has already sent in approximately 250 letters to Senator Latimer, Senator Murphy and Assemblyman Buchwald. Today we have written a cover letter and will be making additional copies of these letters to send directly to the representatives listed in the email yesterday to ensure they are aware of the pressing issues BCSD faces. (full contact information listed below.)

2. Potentially setting up a voter voice link on bvsa.com. **We are writing now to ask you if your group would be willing to contribute to the \$1000 cost of creating a voter voice platform to facilitate this specific effort.** To be clear, at this time we are only talking about using the voter voice application to advocate for increased state aid. (The BTA has gone on record to support this effort.) We will not know how much you will be asked to contribute until we have an idea of how many school associations are willing to share the cost.

Please respond by Thursday of this week.

Let's get squeaky.

Best, Kristin Ketterer Oden and Jen Kothari, Co-Pres BVESA
at copres@bvsa.com or to our direct email addresses.

For more information you may contact Julie Williams, Chair of Advocacy at BVES cc'd on this email

Additional NOTES:

1. Please let me know if you would like a copy of the cover letter Julie Williams wrote to the additional representatives today - we would be more than happy to share for you to use as a seed for your own work should you also decide to send additional hard copies.
2. The full contact information for all the representatives is below:

Subject: Budget Advisory Committee - Minutes from March 1, 2017 Meeting
Attachments: BudgetAdvisoryCommitteeNotesMarch12017.pdf

Dear 2016-17 Budget Advisory Committee:

Attached please find the minutes from our meeting this past Wednesday night, March 1st.

We will be including the BAC "Questions" in a broader pool of questions and will provide and Q and A document on the Budget Website prior to the next Budget Workshop Meeting on March 15th.

Our next meeting is **Tuesday, April 4, 2017, 7:30 – 9:30 p.m.** in the Central Office Conference Room.

Thank you for your valuable insights, feedback, and service to BCSD.

Best Regards,

Chris Manno

Inspiring and Challenging Our Students

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This not only helps in tracking expenses but also ensures compliance with tax regulations. The document further outlines the process of reconciling bank statements with the company's ledger to identify any discrepancies. It stresses the need for regular reviews and the role of the accounting department in providing timely reports to management. The second part of the document details the procedures for handling payroll, including the calculation of gross pay, deductions for taxes and benefits, and the distribution of net pay. It also covers the requirements for maintaining accurate time records and the process of resolving any issues related to employee compensation. The final section discusses the annual financial review, highlighting the need for a thorough audit of all accounts and the preparation of financial statements. It concludes by reiterating the commitment to transparency and accuracy in all financial reporting.

Financial Reporting and Compliance

This section provides a detailed overview of the company's financial reporting process. It begins with the collection of data from various departments, including sales, production, and administrative costs. The document describes the consolidation of this data into a comprehensive financial statement, which includes the balance sheet, income statement, and cash flow statement. It also discusses the importance of adhering to international financial reporting standards (IFRS) and the role of external auditors in verifying the accuracy of the reports. The document further outlines the process of presenting these reports to the board of directors and the general meeting of shareholders. It emphasizes the need for clear communication and transparency in all financial disclosures. The final part of the section discusses the company's commitment to ethical financial practices and the importance of maintaining accurate records for legal and regulatory compliance.

Parents' Scoop

Edition #1

Thanks to all the Fox Lane High School parents and community members who came out in support of our wonderful principal, Mr. Jim Donnelly.

In one of the most challenging years in recent times, Principal Donnelly went above and beyond to earn a permanent position here at Bedford Central.

Unfortunately, a recurring problem that has ailed our school district for the past 20 years still plagues it, as key players in the employee unions (BTA, BASA & CSEA) have successfully sabotaged the overwhelming favorite amongst parents and students to lead our school in the future. It was announced this week that Jim Donnelly will not be our principal next year at Fox Lane High School.

Now, it is time for those funding the district to wrest control of it from the unions and expose the employees whose power supersedes that of the parents and residents.

These schools and the children who fill their hallways belong to us; reminding our superintendent and his administration of this basic fact shouldn't be a necessity.

No there is not. Our agenda has the last meeting as the last of the year before budget adoption. Planning on pulling one more meeting together to talk about the future. Since not on district calendar or agenda, tonight too last minute. Would lead to poor attendance I think. C

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial data and for providing a clear audit trail. The records should be kept up-to-date and should be accessible to all relevant parties.

2. The second part of the document outlines the procedures for handling any discrepancies or errors that may arise. It is important to identify the source of the error and to take appropriate steps to correct it. This may involve reviewing the original documents and consulting with the relevant staff members.

3. The third part of the document provides a summary of the key findings and recommendations. It is important to ensure that all recommendations are implemented and that the necessary controls are in place to prevent any future issues. Regular reviews and audits should be conducted to ensure ongoing compliance with the relevant standards and regulations.

Subject: Final Budget Advisory Committee Meeting of the 2016-17 School Year

Dear Budget Advisory Committee,

You are cordially invited to attend our wrap-up meeting of the Budget Advisory Committee for the 2016-17 school year on **Monday, June 19th at 7 p.m. in the Central Office.** The purposes of our meeting are to provide some end-of-year financials, to look into our fiscal future, to receive feedback on our committee format and process this year, and to say *Thank You* for your service and valuable contributions to our school community.

Please R.S.V.P. to clacolla0598@bcsdny.org by Thursday, June 18th.

Hope to see you on Monday the 19th at 7 p.m.

Best Regards,

Chris Manno

Subject: Final Budget Advisory Committee of 2016-17

Dear Budget Advisory Committee,

This is a reminder that our final 2016-17 BAC meeting will be this Monday at 7 p.m. at our usual location in the Board office.

This will be a special celebratory meeting so I hope many of you can make it. We have a few surprises for you:]

We'll review some year-end financial data, overview some of the BAC's and BCSD's fiscal successes of the year, and look toward next year to identify challenges and opportunities.

Hope to see you Monday at 7.

Happy Father's Day, Dads!!!

Best,

Chris

Subject: RE: "English Only" Classrooms at MKES

Dear Gina,

Thank you for your email. Yes, the Board of Education has tasked the administration and me with evaluating the issues surrounding the Monolingual and Dual Language Bilingual Education (DLBE) programs at MKES and to bring forth a recommendation to the BoE to address such issues. A team, led by me, has been working diligently throughout the spring and summer to conduct a very thorough decision and problem analysis on this matter. We plan to present our initial work to the Board of Education later in the summer in committee, with a formal recommendation to the Board in November so any action can be enacted for 2018-19.

The team is exploring numerous options that would correct the problem of having to run one section of a monolingual program at each grade level, 1-5, at MKES. We agree that this elementary experience is not, as you stated, "on par" with the elementary experience of other Bedford Central elementary children and we are committed to addressing the issue. As you might imagine, this is very detailed and time-consuming work. We have been meeting for several hours each week on this issue for the past months.

We are committed to providing an excellent elementary experience for all children. Once a recommendation is formed we will certainly communicate such to the entire BCSD community.

We are making good progress.

Best Regards and In Service,

Chris Manno

Subject: "English Only" Classrooms at MKES

Thanks for sending the Supt Scoop today. Always appreciate the communication.

I'm reaching out to request an update on the status of a solution for the students in "traditional" classrooms at Mount Kisco Elementary School.

At the end of last school year, the growing concern across the Mount Kisco community regarding the "traditional" classroom setting at Mount Kisco Elementary School had been raised to the Board of Education. Extensive discussion at various meetings concluded, with agreement by all, that the Administration would seek and propose solutions to address the inequities for "English only" learners.

While I recognize this is not a simple concern to address, I hope that all understand the negative impact this has for every taxpayer in Mount Kisco. The belief that "English only" learners do not have an experience on par with peers elsewhere in the district makes our community less attractive for families who want a "traditional" learning environment.

I want to underscore the urgency of finding a solution and the importance of communicating status to the whole community, not just parents at MKES.

I look forward to your response.

Respectfully,
Gina Picinich

Subject: NO PILOT

Hi,
I spoke to the Mt. Kisco Treasurer, Robert Wheeling.

Interesting conversation but the essential item is that there is NO PILOT. Robert explained it to me in the following manner.

Years ago a previous Town Administrator entered into a handshake deal with the hospital where the hospital provided \$125,000 annual to Mt. Kisco. The rationale was simply that the Town provided fire and police protection as well as use of the roads etc. It seems the hospital was sold in the recent past and the new owners of the non-profit hospital no longer want to pay the annual \$125,000.

Subject: Re: June BAC Meeting

Good Morning BAC,

Angelo, Dr. Adelberg, and I would be happy to go through the 2017 BAC Final report and correlate the recommendations to the incorporation of those recommendations into our 2017-18 and 18-19 budgets, as well as work accomplished through our SUCCESS Plan. This will actually be a worthwhile and satisfying exercise. Thanks for asking, Rob.

We really look forward to hearing about subcommittee work and future plans.

See you on the 14th. I will be late to the meeting because I need to attend a very special student recognition program. You will be in good hands with Mr. Rubbo and Mrs. Dow.

Have a nice weekend.

Good Morning,

We would like to hold an end-of-year wrap-up Budget Advisory Committee meeting on Thursday June 14 at 7pm. Dr. Manno and I value the group and have worked hard to incorporate the committee's recommendations into the development of the FY1819 budget. Consider taking a moment to review [our final report from 2016-17](#) and you will see that the District was able to incorporate or make progress on the far majority of the BAC's recommendations into the coming year's budget. I have attached the agenda which provides for:

- Subcommittees report on current status and future work
- Review of the Dashboard
- Review of the projected year end results
- Discussion on fund balance and potential allocation
- Discussion of the creation of a reserve funds for health care and capital projects

Please feel free to call or e-mail me with any questions.

Thank you.

Dear BAC,

[This link](#) will bring you to a document that lists the BAC recommendations included in the 2017-18 and 2018-19 budgets or in the BCSD SUCCESS Plan.

FYI, the document can be found by going to our website:

Board of Education → Community Advisory Committees → Budget Advisory Committee Info and Docs → scroll down and click on View All for the 2016-17 BAC Docs.

Best Regards and In Service,

Chris Manno

Subject: Re: June BAC Meeting

Good Morning BAC,

Angelo, Dr. Adelberg, and I would be happy to go through the 2017 BAC Final report and correlate the recommendations to the incorporation of those recommendations into our 2017-18 and 18-19 budgets, as well as work accomplished through our SUCCESS Plan. This will actually be a worthwhile and satisfying exercise. Thanks for asking, Rob.

We really look forward to hearing about subcommittee work and future plans.

See you on the 14th. I will be late to the meeting because I need to attend a very special student recognition program. You will be in good hands with Mr. Rubbo and Mrs. Dow.

Have a nice weekend.

In Service,

Chris Manno

Please excuse brevity, typos of the thumbs, and that pesky auto-correct.

On Jun 1, 2018, at 9:47 AM, Robert Mazurek <robmazurekny@gmail.com> wrote:

Angelo, thanks for calling a wrap-up meeting. I'm looking forward to it.

Attached is the 16-17 memo you referenced. In advance of the meeting, can you send us a summary of our progress as you mentioned, how that was incorporated into the 18/19 Budget?

Also, can you send the 17/18 recommendations of the BAC (the other memo dates back to Feb 17) that were incorporated in the FY1819 Budget?

and finally, the dashboard..my old link doesn't work.

best,

Rob Mazurek

On Fri, Jun 1, 2018 at 7:53 AM, Rubbo, Angelo <arubbo4262@bcsdny.org> wrote:

Good Morning,

We would like to hold an end-of-year wrap-up Budget Advisory Committee meeting on Thursday June 14 at 7pm. Dr. Manno and I value the group and have worked hard to incorporate the committee's recommendations into the development of the FY1819 budget. Consider taking a moment to review [our final report from 2016-17](#) and you will see that the District was able to incorporate or make progress on the far majority of the BAC's recommendations into the coming year's budget. I have attached the agenda which provides for:

- Subcommittees report on current status and future work
- Review of the Dashboard
- Review of the projected year end results
- Discussion on fund balance and potential allocation
- Discussion of the creation of a reserve funds for health care and capital projects

Please feel free to call or e-mail me with any questions.

Thank you.

Subject: Budget Advisory Committee Minutes from December 7, 2016
Attachments: Christopher Manno.vcf

Dear Budget Advisory Committee:

All documents from our Budget Advisory Committee Meeting have been uploaded to the District website under [District Reports and Information](#) → [District Advisory Committee Information](#) → Folder called "December 7, 2016 Meeting Materials."

I am providing direct links to some key documents:

- [Situation Appraisal Notes from November 2nd](#)
- [Dec 7 Budget Advisory Agenda](#)
- [Working Draft of BCSD Advocacy Whitepaper](#) – after we complete this, I intend to synthesize it into an Executive Summary consumable by policy-makers and community members. We are going to work on creating a portal on our website whereby BCSD residents can click to affirm agreement with aspects of the Whitepaper and send a note directly to legislators, the Governor, and other policy-makers (we will do our best to create such a mechanism – I am cautiously optimistic we can actually do this. We shall see.). I spoke with Assemblyman Buckwald today and he is amenable to meeting with Senators Latimer and Murphy, and Mr. Rubbo and me in the near future to review the document. The Governor presents a budget in mid-January, so we need to move forward with setting meetings ASAP. We can continue to refine our advocacy document in January, but time is ticking.
- I want to point out a document in this folder in Word format called LHCSS – School District Wealth and State Aid – 4 Counties. I attended a seminar on Friday presenting this work. It was very informative and insightful, and provides a list of legislative "asks." The "asks" that benefit Bedford are now incorporated into our Advocacy Doc.

There are several other advocacy documents that we compiled from various organizations, including NYSSBA, LHCOSS, and NYCOSS.

Our next meeting is Tuesday, January 3, 2017, 7:30 – 9:30 p.m.

I am convening a working group of several members of the committee before the break to discuss the agenda for January 3rd and ensure we are meeting the needs of the group.

Best Regards,

Chris Manno

The recommendations on the advocacy white paper are comprehensive. I agree that writing an executive summary would help make it "digestible."

Based on conversations with our legislators and with folks in NYS executive chamber and budget office, I'm thinking there could be value in identifying the recommendations that would bring the BCSD the most aid. The call to action for the community could be to share the full white paper, and focus on the two or three changes that would have the greatest benefit for the BCSD.

After a quick review of the State Aid Projections document, it seems that recognition of free and reduced meals is limited to K-6. Based on Bedford by the Numbers, if 7-12th are included our numbers move up to >1200. If my understanding is accurate, it could be beneficial to add a recommendation (or edit an existing recommendation) for the formula to recognize K-12 free and reduced meal students.

I'm not sure if Dean and Seth mentioned a discrepancy that I raised with them after the November BAC meeting. The "roll over" 2017/18 budget projection you shared showed a narrow gap between expected revenue and expense. Forecasting done at the end of budget season last year showed a >\$3 million deficit in the 2017/18 budget. The newest projection benefited from reduction in pension costs and in some limited growth in senior teacher compensation due to Triboro. Even with those changes, there is still a substantial gap between last year's forecasts and this year's projection. For the purpose of future forecasting, it could be beneficial to understand the difference in assumptions made last year and this year's reality.

I'd like to participate in the working group meeting on 12/22.

Best,
Gina Picinich

I have another commitment tonight from 6-8 pm. Will try my best to get to the last half of the meeting.

Best,
Gina Picinich

It was good chatting with you last night. Thank you for all your work as you ramp up on BCSD.

As I mentioned last night, Gina and I met with David Buchwald last night to talk about the inequality on state aid. He would like to better understand the components of the formula and what, specifically, is the trigger that limits BCSD's aid. We are also going to reach out to Dr. Hochman (our former Superintendent) as he works for Governor Cuomo and will be involved in the budget process. He suggested talking to him sooner rather than later.

You had mentioned that you have the components of the formula for what determines our state aid vs other districts? Can you please forward the details. It is clear from the stats that BCSD is being shortchanged.

I attached my latest presentation that added a slide (#5) that summarizes it all. Specifically, out of 46 school districts in Westchester-Putnam, BCSD is

- #4 in ELL student growth over the past decade,
- #7 in ELL as a percent of total,
- #11 in free/subsidized lunch students as percent of total,
- #7 in growth in student-teacher ratio growth (a key sign of stress), and
- 40th in state aid per student!

I can provide the raw data if you would like.

Thanks in advance. Have a great weekend, and I look forward to see the details of the formula.

Keith Ferguson

Angelo, not sure if you saw the attached document which was released by the New York State Association of School Business Officials.

I believe a few of their recommendations could positively impact the BCSD. A key focus should be to use updated source information to recognize our current population. (They are using data from the 2000 Census. Our population has changes substantially in the past 16 years.)

Best,
Gina Picinich

Good Morning Keith,

Thanks for the e-mail and the power point slides. They are excellent. I'm working with staff in Albany to quantify the components of the specific formula's related to each aid category. Once I have that I'd like to suggest we have a follow up conversation.

I can tell you that the Westchester Business Officials have an annual meeting with the State Assembly and Senators each year to provide information and issues which impact schools. Typically the State legislators appreciate the guidance as they work in Albany to develop the State budget.

Once I have the additional formula information we should have a follow up conversation. Please feel to reach out to me at any time. Thank you Keith.

Subject: Re: State Aid Formula

Hey Angelo,

I was just circling back on a request to find out more color on the state aid formulas. Specifically, any thoughts on what in the formula is penalizing us the most vs our peers.

Also, just to toss out an idea for Dr. Manno...at the next BAC meeting I believe you are going to talk about the state aid formulas. Does it make sense to invite our state legislature representatives to hear and maybe contribute to the discussion?

From my understanding of the budget process (based on a conversation with Assemblyman Buchwald), we need to make sure our voices are being heard soon, as the budget process starts to ramp up in earnest in January.

Thanks in advance. I know you are extremely busy so if this info isn't readily available please point me in the direction where I might be able to find some answers.

Keith

Subject: Budget Advisory Committee Thoughts

Dr Manno, I'm writing to share a few thoughts about our BAC meetings.

I appreciate the structure and process that has been added to these meetings. I also appreciate the focus on providing the extensive information each month.

All the information provided generates questions, particularly for those who have not previously reviewed the district's finances. I think we spend a lot of time "in the weeds" focused on questions that folks can answer for themselves if a little time was devoted before the meetings.

As a solution, I'm wondering if it would be possible to set up a google drive where everyone can get the information in advance? Perhaps we can also set up an online forum where members can ask and answer questions? This would allow folks to do their homework in advance and come to the meeting prepared to get to work.

Respectfully,
Gina Picinich

Attachments: 10052016 BAC Agenda and Materials.pdf; MeetingNotesBAC10052016.docx.pdf

Dear Budget Advisory Committee:

On behalf of *Budget Advisory Committee* Chair, Mr. Andrew Bracco, thank you for your participation in this important committee. Attached you will find:

- The agenda and handouts from our meeting on October 5, 2016.
- A transcription of the beginning of our Situation Appraisal Process.

Our next meeting is **Tuesday, November 1, 2016, 7:30 – 9:30**. During that meeting we will present updated financial “vital statistics” for the district, a more comprehensive budget document as requested, and other information related to the budget as indicated in the first item of the attached Situation Appraisal notes. We will also continue our Situation Appraisal process.

In order to identify additional issues, concerns, or areas of further exploration related to the budget, consider visiting our website at <http://www.bcsdny.org/documents.cfm?v2>. This will bring you to the list of “*District Reports and Info.*” Go to “*Budget and Financial Information*” and you will find two folders, “*2016-17 REVOTE Budget Information*” and “*Past Years Budget Development and Preparation Information*” with a multitude of information. We look forward to provide additional information for analysis as we move through our committee process.

We look forward to seeing you in a few weeks.

Best Regards,

Dr. Christopher M. Manno

Subject: RE: It's Time to Rethink Common Core Regents

Dear Ms. Picinich:

Thank you for your thoughtful email regarding Regents scores, grading practices at FLHS, and our transcripts process. It is quite timely.

Dr. Adelberg and a team of HS staff have been involved in deep discussions regarding these matters for some time, and this topic is scheduled for an upcoming Curriculum, Instruction and Assessment Board Subcommittee presentation and discussion. Recommendations for various changes are anticipated.

Dr. Adelberg will give you a call to discuss our status on this and let you know when the presentation will be. The subcommittee meetings are public and we would be happy to have you and others observe.

Have a great Sunday!

Best Regards,

Chris Manno

Subject: It's Time to Rethink Common Core Regents

I'm writing to ask the newly formed CIA BOE committee to review how BCSD addresses Regents scores on FLHS transcripts. More specifically, I am requesting a change in grading policy with reference to NYS Regents exams.

Currently Regents scores are averaged in as one-fifth of a student's total grade. The shift to Common Core and the continuously moving standards make it impossible for our teachers to modify curriculum at the rate in which NY State implements changes. (State Education Commissioner MaryEllen Elia recently announced there are more significant changes being considered.) As a result our students are not as successful on these exams.

Please review the data of our current eleventh grade students who have been given the option to take both the "traditional" and Common Core Regents in math. On average, these students have scored significantly lower on the Common Core exams. The majority, opt to include the "traditional" Regents score which will positively impact their final grades. The current freshman and sophomores have a significant disadvantage by only taking the Common Core exams.

School districts have a choice. Though students must take a required number of NYS Regents, they do not have to be averaged into final grades. (Scarsdale is a good case study.) Similarly to NYS testing done in middle and elementary schools, Regent exams should be used as an overall benchmark to track the district's progress compared with the standard. It should not be used, as it is currently, to negatively impact a student's final grade and be displayed on their transcript.

Asking teachers to keep up with a constantly changing standard and expecting students to be assessed on content they many or may not have been taught is setting everyone up for failure. A final exam that assesses knowledge acquisition of the curriculum being taught in our district should be used at the standard for measuring student success. (As is currently done in our World Language program.)

The BCSD has an opportunity and a choice to make changes that positively impact all students. I respectfully request that Regents scores not be given their current weight in the final grades. This should start immediately with current FLHS freshman.

Thank you for your consideration.

Subject: RE: "English Only" Classrooms at MKES

Dear Gina,

Thank you for your email. Yes, the Board of Education has tasked the administration and me with evaluating the issues surrounding the Monolingual and Dual Language Bilingual Education (DLBE) programs at MKES and to bring forth a recommendation to the BoE to address such issues. A team, led by me, has been working diligently throughout the spring and summer to conduct a very thorough decision and problem analysis on this matter. We plan to present our initial work to the Board of Education later in the summer in committee, with a formal recommendation to the Board in November so any action can be enacted for 2018-19.

The team is exploring numerous options that would correct the problem of having to run one section of a monolingual program at each grade level, 1-5, at MKES. We agree that this elementary experience is not, as you stated, "on par" with the elementary experience of other Bedford Central elementary children and we are committed to addressing the issue. As you might imagine, this is very detailed and time-consuming work. We have been meeting for several hours each week on this issue for the past months.

We are committed to providing an excellent elementary experience for all children. Once a recommendation is formed we will certainly communicate such to the entire BCSD community.

We are making good progress.

Best Regards and In Service,

Chris Manno

Subject: "English Only" Classrooms at MKES

Thanks for sending the Supt Scoop today. Always appreciate the communication.

I'm reaching out to request an update on the status of a solution for the students in "traditional" classrooms at Mount Kisco Elementary School.

At the end of last school year, the growing concern across the Mount Kisco community regarding the "traditional" classroom setting at Mount Kisco Elementary School had been raised to the Board of Education. Extensive discussion at various meetings concluded, with agreement by all, that the Administration would seek and propose solutions to address the inequities for "English only" learners.

While I recognize this is not a simple concern to address, I hope that all understand the negative impact this has for every taxpayer in Mount Kisco. The belief that "English only" learners do not have an experience on par with peers elsewhere in the district makes our community less attractive for families who want a "traditional" learning environment.

I want to underscore the urgency of finding a solution and the importance of communicating status to the whole community, not just parents at MKES.

I look forward to your response.

Respectfully,
Gina Picinich

Subject: NO PILOT

Hi,
I spoke to the Mt. Kisco Treasurer, Robert Wheeling.

Interesting conversation but the essential item is that there is NO PILOT. Robert explained it to me in the following manner.

Years ago a previous Town Administrator entered into a handshake deal with the hospital where the hospital provided \$125,000 annual to Mt. Kisco. The rationale was simply that the Town provided fire and police protection as well as use of the roads etc. It seems the hospital was sold in the recent past and the new owners of the non-profit hospital no longer want to pay the annual \$125,000.

Subject: Budget Advisory Committee Meeting Minutes from October 30th
Attachments: Budget Advisory Committee Agenda and Minutes Oct 30, 2017.pdf; Copy of BAC - 11_27 Dashborad 2017-18.docx.pdf; Debt Service 17-18.pdf; Debt Service Amortization Schedule.pdf; Draft Bedford Central Insurance Reserve Bill.docx.pdf; Letter to Community re BTA-BoE Contract Resolution.pdf; NYCNY1-.pdf

Dear Budget Advisory Committee Members,

Thank you for attending our October 30th meeting. Your dedication of time, energy and expertise are much appreciated. Attached are our minutes and supporting documents. We look forward to our next meeting on November 27th, 7-9 p.m.

Our two big agenda items will be a discussion of the impacts of the BTA Contract settlement and our Subcommittee work. If you are on a subcommittee and you can think of information that would be helpful, and is reasonable for us to gather by then, please don't hesitate to let me know.

Best Regards and In Service,

Chris Manno

Subject: Re: June BAC Meeting

Good Morning BAC,

Angelo, Dr. Adelberg, and I would be happy to go through the 2017 BAC Final report and correlate the recommendations to the incorporation of those recommendations into our 2017-18 and 18-19 budgets, as well as work accomplished through our SUCCESS Plan. This will actually be a worthwhile and satisfying exercise. Thanks for asking, Rob.

We really look forward to hearing about subcommittee work and future plans.

See you on the 14th. I will be late to the meeting because I need to attend a very special student recognition program. You will be in good hands with Mr. Rubbo and Mrs. Dow.

Have a nice weekend.

In Service,

Chris Manno

Angelo, thanks for calling a wrap-up meeting. I'm looking forward to it.

Attached is the 16-17 memo you referenced. In advance of the meeting, can you send us a summary of our progress as you mentioned, how that was incorporated into the 18/19 Budget?

Also, can you send the 17/18 recommendations of the BAC (the other memo dates back to Feb 17) that were incorporated in the FY1819 Budget?

and finally, the dashboard..my old link doesn't work.

best,

Rob Mazurek

Good Morning,

We would like to hold an end-of-year wrap-up Budget Advisory Committee meeting on Thursday June 14 at 7pm. Dr. Manno and I value the group and have worked hard to incorporate the committee's recommendations into the development of the FY1819 budget. Consider taking a moment to review [our final report from 2016-17](#) and you will see that the District was able to incorporate or make progress on the far majority of the BAC's recommendations into the coming year's budget. I have attached the agenda which provides for:

- Subcommittees report on current status and future work
- Review of the Dashboard
- Review of the projected year end results
- Discussion on fund balance and potential allocation
- Discussion of the creation of a reserve funds for health care and capital projects

Please feel free to call or e-mail me with any questions.

Thank you.

Dear BAC,

[This link](#) will bring you to a document that lists the BAC recommendations included in the 2017-18 and 2018-19 budgets or in the BCSD SUCCESS Plan.

FYI, the document can be found by going to our website:

Board of Education → Community Advisory Committees → Budget Advisory Committee Info and Docs → scroll down and click on View All for the 2016-17 BAC Docs.

Subject: Budget Advisory Committee Minutes from December 7, 2016
Attachments: Christopher Manno.vcf

Dear Budget Advisory Committee:

All documents from our Budget Advisory Committee Meeting have been uploaded to the District website under [District Reports and Information](#) → [District Advisory Committee Information](#) → Folder called "December 7, 2016 Meeting Materials."

I am providing direct links to some key documents:

- [Situation Appraisal Notes from November 2nd](#)
- [Dec 7 Budget Advisory Agenda](#)
- [Working Draft of BCSD Advocacy Whitepaper](#) – after we complete this, I intend to synthesize it into an Executive Summary consumable by policy-makers and community members. We are going to work on creating a portal on our website whereby BCSD residents can click to affirm agreement with aspects of the Whitepaper and send a note directly to legislators, the Governor, and other policy-makers (we will do our best to create such a mechanism – I am cautiously optimistic we can actually do this. We shall see.). I spoke with Assemblyman Buckwald today and he is amenable to meeting with Senators Latimer and Murphy, and Mr. Rubbo and me in the near future to review the document. The Governor presents a budget in mid-January, so we need to move forward with setting meetings ASAP. We can continue to refine our advocacy document in January, but time is ticking.
- I want to point out a document in this folder in Word format called LHCSS – School District Wealth and State Aid – 4 Counties. I attended a seminar on Friday presenting this work. It was very informative and insightful, and provides a list of legislative "asks." The "asks" that benefit Bedford are now incorporated into our Advocacy Doc.

There are several other advocacy documents that we compiled from various organizations, including NYSSBA, LHCSS, and NYCOS.

Our next meeting is Tuesday, January 3, 2017, 7:30 – 9:30 p.m.

I am convening a working group of several members of the committee before the break to discuss the agenda for January 3rd and ensure we are meeting the needs of the group.

Best Regards,

Chris Manno

The recommendations on the advocacy white paper are comprehensive. I agree that writing an executive summary would help make it "digestible."

Based on conversations with our legislators and with folks in NYS executive chamber and budget office, I'm thinking there could be value in identifying the recommendations that would bring the BCSD the most aid. The call to action for the community could be to share the full white paper, and focus on the two or three changes that would have the greatest benefit for the BCSD.

After a quick review of the State Aid Projections document, it seems that recognition of free and reduced meals is limited to K-6. Based on Bedford by the Numbers, if 7-12th are included our numbers move up to >1200. If my understanding is accurate, it could be beneficial to add a recommendation (or edit an existing recommendation) for the formula to recognize K-12 free and reduced meal students.

I'm not sure if Dean and Seth mentioned a discrepancy that I raised with them after the November BAC meeting. The "roll over" 2017/18 budget projection you shared showed a narrow gap between expected revenue and expense. Forecasting done at the end of budget season last year showed a >\$3 million deficit in the 2017/18 budget. The newest projection benefited from reduction in pension costs and in some limited growth in senior teacher compensation due to Triboro. Even with those changes, there is still a substantial gap between last year's forecasts and this year's projection. For the purpose of future forecasting, it could be beneficial to understand the difference in assumptions made last year and this year's reality.

I'd like to participate in the working group meeting on 12/22.

Best,
Gina Picinich

 3. The average value is \$10.00.

It was good chatting with you last night. Thank you for all your work as you ramp up on BCSD.

As I mentioned last night, Gina and I met with David Buchwald last night to talk about the inequality on state aid. He would like to better understand the components of the formula and what, specifically, is the trigger that limits BCSD's aid. We are also going to reach out to Dr. Hochman (our former Superintendent) as he works for Governor Cuomo and will be involved in the budget process. He suggested talking to him sooner rather than later.

You had mentioned that you have the components of the formula for what determines our state aid vs other districts? Can you please forward the details. It is clear from the stats that BCSD is being shortchanged.

I attached my latest presentation that added a slide (#5) that summarizes it all. Specifically, out of 46 school districts in Westchester-Putnam, BCSD is

- #4 in ELL student growth over the past decade,
- #7 in ELL as a percent of total,
- #11 in free/subsidized lunch students as percent of total,
- #7 in growth in student-teacher ratio growth (a key sign of stress), and
- 40th in state aid per student!

I can provide the raw data if you would like.

Thanks in advance. Have a great weekend, and I look forwarding to see the details of the formula.

Keith Ferguson

Subject: Re: State Aid Formula

Angelo, not sure if you saw the attached document which was released by the New York State Association of School Business Officials.

I believe a few of their recommendations could positively impact the BCSD. A key focus should be to use updated source information to recognize our current population. (They are using data from the 2000 Census. Our population has changes substantially in the past 16 years.)

Best,
Gina Picinich

Good Morning Keith,

Thanks for the e-mail and the power point slides. They are excellent. I'm working with staff in Albany to quantify the components of the specific formula's related to each aid category. Once I have that I'd like to suggest we have a follow up conversation.

I can tell you that the Westchester Business Officials have an annual meeting with the State Assembly and Senators each year to provide information and issues which impact schools. Typically the State legislators appreciate the guidance as they work in Albany to develop the State budget.

Once I have the additional formula information we should have a follow up conversation. Please feel to reach out to me at any time. Thank you Keith.

Angelo

Subject: Re: State Aid Formula

Hey Angelo,

I was just circling back on a request to find out more color on the state aid formulas. Specifically, any thoughts on what in the formula is penalizing us the most vs our peers.

Also, just to toss out an idea for Dr. Manno...at the next BAC meeting I believe you are going to talk about the state aid formulas. Does it make sense to invite our state legislature representatives to hear and maybe contribute to the discussion?

From my understanding of the budget process (based on a conversation with Assemblyman Buchwald), we need to make sure our voices are being heard soon, as the budget process starts to ramp up in earnest in January.

Thanks in advance. I know you are extremely busy so if this info isn't readily available please point me in the direction where I might be able to find some answers.

Keith

The following information is provided for your reference. It is intended to be a summary of the key points discussed during the meeting.

The meeting was held on [Date] at [Time] in the [Location]. The attendees included [List of Attendees].

The main agenda items were:

- Review of the project status and progress.
- Discussion of the challenges faced by the team.
- Identification of the next steps and action items.

The meeting concluded with a vote on the proposed action plan. The motion was carried by a majority of the attendees.

The next meeting is scheduled for [Date] at [Time] in the [Location].

Thank you to all attendees for their participation and contributions.

Subject: Budget Advisory Committee Thoughts

Dr Manno, I'm writing to share a few thoughts about our BAC meetings.

I appreciate the structure and process that has been added to these meetings. I also appreciate the focus on providing the extensive information each month.

All the information provided generates questions, particularly for those who have not previously reviewed the district's finances. I think we spend a lot of time "in the weeds" focused on questions that folks can answer for themselves if a little time was devoted before the meetings.

As a solution, I'm wondering if it would be possible to set up a google drive where everyone can get the information in advance? Perhaps we can also set up an online forum where members can ask and answer questions? This would allow folks to do their homework in advance and come to the meeting prepared to get to work.

Respectfully,
Gina Picinich

LaColla, Carole

2018	240
2019	245
2020	250

The following table shows the results of the regression analysis. The dependent variable is the natural logarithm of the number of employees, and the independent variables are the natural logarithm of the number of sales, the natural logarithm of the number of assets, and the natural logarithm of the number of liabilities. The results show that the number of sales, assets, and liabilities all have a positive and significant effect on the number of employees.

The regression equation is: $\ln(\text{Employees}) = 0.15 \ln(\text{Sales}) + 0.10 \ln(\text{Assets}) + 0.05 \ln(\text{Liabilities}) + \text{Error}$. The R-squared value is 0.85, indicating that 85% of the variation in the number of employees is explained by the three independent variables.

Attachments: 10052016 BAC Agenda and Materials.pdf; MeetingNotesBAC10052016.docx.pdf

Dear Budget Advisory Committee:

On behalf of *Budget Advisory Committee* Chair, Mr. Andrew Bracco, thank you for your participation in this important committee. Attached you will find:

- The agenda and handouts from our meeting on October 5, 2016.
- A transcription of the beginning of our Situation Appraisal Process.

Our next meeting is **Tuesday, November 1, 2016, 7:30 – 9:30**. During that meeting we will present updated financial “vital statistics” for the district, a more comprehensive budget document as requested, and other information related to the budget as indicated in the first item of the attached Situation Appraisal notes. We will also continue our Situation Appraisal process.

In order to identify additional issues, concerns, or areas of further exploration related to the budget, consider visiting our website at <http://www.bcsdny.org/documents.cfm?v2>. This will bring you to the list of “*District Reports and Info.*” Go to “*Budget and Financial Information*” and you will find two folders, “*2016-17 REVOTE Budget Information*” and “*Past Years Budget Development and Preparation Information*” with a multitude of information. We look forward to provide additional information for analysis as we move through our committee process.

We look forward to seeing you in a few weeks.

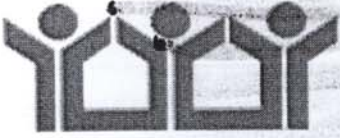

Best Regards,

Dr. Christopher M. Manno
Committee Facilitator

Subject: RE: It's Time to Rethink Common Core Regents

Dear Ms. Picinich:

Thank you for your thoughtful email regarding Regents scores, grading practices at FLHS, and our transcripts process. It is quite timely.

Dr. Adelberg and a team of HS staff have been involved in deep discussions regarding these matters for some time, and this topic is scheduled for an upcoming Curriculum, Instruction and Assessment Board Subcommittee presentation and discussion. Recommendations for various changes are anticipated.

Dr. Adelberg will give you a call to discuss our status on this and let you know when the presentation will be. The subcommittee meetings are public and we would be happy to have you and others observe.

Have a great Sunday!

Best Regards,

Chris Manno

Subject: It's Time to Rethink Common Core Regents

I'm writing to ask the newly formed CIA BOE committee to review how BCSD addresses Regents scores on FLHS transcripts. More specifically, I am requesting a change in grading policy with reference to NYS Regents exams.

Currently Regents scores are averaged in as one-fifth of a student's total grade. The shift to Common Core and the continuously moving standards make it impossible for our teachers to modify curriculum at the rate in which NY State implements changes. (State Education Commissioner MaryEllen Elia recently announced there are more significant changes being considered.) As a result our students are not as successful on these exams.

Please review the data of our current eleventh grade students who have been given the option to take both the "traditional" and Common Core Regents in math. On average, these students have scored significantly lower on the Common Core exams. The majority, opt to include the "traditional" Regents score which will positively impact their final grades. The current freshman and sophomores have a significant disadvantage by only taking the Common Core exams.

School districts have a choice. Though students must take a required number of NYS Regents, they do not have to be averaged into final grades. (Scarsdale is a good case study.) Similarly to NYS testing done in middle and elementary schools, Regent exams should be used as an overall benchmark to track the district's progress compared with the standard. It should not be used, as it is currently, to negatively impact a student's final grade and be displayed on their transcript.

Asking teachers to keep up with a constantly changing standard and expecting students to be assessed on content they many or may not have been taught is setting everyone up for failure. A final exam that assesses knowledge acquisition of the curriculum being taught in our district should be used at the standard for measuring student success. (As is currently done in our World Language program.)

The BCSD has an opportunity and a choice to make changes that positively impact all students. I respectfully request that Regents scores not be given their current weight in the final grades. This should start immediately with current FLHS freshman.

Thank you for your consideration.

Gina Picinich
